Dear comrade Perutti,

The preparation of the anniversary meeting of our Party's foundation is continuing. We will be very pleased if your Party sends us a solidarity message which will be read at the meeting. Will you please be so kind and arrange this message to be sent to my address before 5th. of June on which the anniversary meeting will be held?

Besides, will you please inform me what you could do for the invitation of Mrs. Parra Whom we will be very pleased at our meeting.

We also need to have relations with your Party in Germany and France to support each other in the struggles against the military dictatorships in Chili and in Turkey. Is it possible to provide us contacts with the representants of your Party in both countries?

As I have told you before, my address is given below.

Appreciating your helps, I look forward to hear from you soon.

With my best regards,

Ahmet Kaçmaz

Chairman
